BEFORE YOU BUY A DESIGNER BAG...

STYLIST PHILLIP BLOCH OFFERS THESE TIPS

- Avoid trendy bells and whistles: Recognizable style elements can instantly date a bag.
- Dark colors are always classic: Brown leather will wear well over time.
- Opt for gold hardware: It looks richer and more luxurious than silver does.
- Waterproof the bag immediately; spray inside too, in case of spills.
- Store the purse in a dust bag to keep it looking its best.
- Take advantage of the refurbishing services most high-end labels offer — and your bag will last forever.
